Gregory Richardson Awarded

Gregory Richardson was honored by Stichting Musica. In this case Gregory Richardson was rewarded for his contribution to the educational part of the Caiso and Soca.

While receiving the award, researcher, educator, Gregory Richardson said that from since he was younger he used to attend Calypso and Roadmarch Contest at, Lago Sportpark,

especially to listen to the lyrics of the Calypso Songs that were performed. Based on that experience, he put in his mind ,for in the later years, profound himself into the thoughts of lyrics of the participants from the then Calypso and Roadmarch Contest. So thought, so done. And now Gregory Richardson has reached so far that he soon will be receiving a high educational degree concerning Caribbean Music, that forms part of the Caribbean Studies. Gregory Richardson also said that the members of the community should listen carefully to the lyrics of the Calypso Songs. This because the lyrics voice the thinking of members of the society that stays behind closed doors. Congrats Gregory Richardson ,keep educating us about the Caribbean Music.

San Nicolas Street lights out AGAIN

Yes AGAIN, Bernhard Street was blacked out, why is it that only in San Nicolas we are having this problem constantly? It's time to get some serious maintenance, and not quick patch work as this is not solving the problem, when they put glow sticks on the poles, politicians was posting about that, now it's dark again" their not posting anything, or their standing there, but we can't see them due to the lack of lights?

CORONA VIRUS

Myths and Facts

Myths	Facts
Corona is the most dangerous virus that exists.	The common flu kills 60 times more people annually than Corona.
I will die if I am diagnosed with the Corona virus.	Only 2% of cases have reported deaths and most of these deaths were associated with weaker immune systems (e.g. old age).
I need to buy a hazmat suit and a n95 mask to stay protected.	Washing hands and sneezing into elbows is the best practice.
We all need to panic and blame China for this emergency. I should also make insensitive jokes about international students.	The panic and hysteria that's happening is fueled by racism and xenophobia, not evidence or practicality. Nothing justifies being rude to others.
I should believe everything I read online about Corona virus because it is all factually checked and written without any bias.	Misinformation and racism is more dangerous than any virus; check for references and look for evidence, not ideology.
